**BEREAR** REMEDIO

College of Gealth, DR. G. C. VAUGHN'S Vegetable Lithontriptic Advertisement for 1847.--"I came, I saw, I conquered;" is most emphatically the case with this article. Disease has ever yielded to its most marvellous medicinal power. When we is the case with the THE MOST SUCCESSFUL MEDICANE IN THE WORLD!

The result of a series of Chemical Experiments, this Compound Extract of Yellow Dock and Sarxoparilla, with almost equally powerful vegetable substance, is one of the greatest discoveries of the age; and is the first and only instance in which these Roots—so long in use by the faculty have been united into a Compound possessing the due proportion of the peculiar virtues and powers of each.

Its success is astonishing, having performed over fifteen thousand cures since its discovery—tess than two years!

Its unrivalled power over disease, and great superiority over all Simple Sarsaparilla Syrups, may be attributed to the fact that it is composed sv, in all its characters, will be completely eradicated from the system by its use. See pamphiels in agent's hands, for free circulation—they treat upon all diseases, and show testimony of cures It is the most highly concentrated Syrup in use, and being in Quart Bottles at one dollar per bottle, it is also the cheapest. It purifies and enriches the Blood, and invigorates the Body, and consequently expels nervous disease from the system, more effectually than any medicine known. It is pleasant to the taste, occasions neither sickness nor pain in its operation, can be taken regardless of business or diet, and by the aged and infant with equal efficacy. cal Science, in an article on calculous diseases, and 'solvents,' the writer, after noticing the fact that the Euglish government once purchased a secret remedy, and also noticing the purchase in 1802 of a secret remedy, by the Legislature to New York, thus pays tribute to the fame of the Medicine—"Why do not our Representatives in Senate and Assembly convened, enlighten and 'dissolve' the suffering thousands of this country, be the purchase of Vaughan's Lithontriptic than dissolve' the suffering thousands of this country, by the purchase of Vaughan's Lithontriptic, than which no solvent since the days of Alchemy has possessen one half the fame? Reader, here is a periodical of high standing, acknowledged through a large section of this country to be one of the best conducted journals of the kind in the United States, exchanging with the scientific works of Europe to our certain knowledge, edited by Austin Flint, M. D., and contributed to by men of the highest professional ability, thus stepping aside to notice a 'secret remedy.' You will at once understand no unknown and worthless nosterom, could derstand no unknown and worthless mostrum, could thus extort a comment from so high a quarter—and consequently, unless it directly conflicted with the practice of the faculty, it must have been its great 'fame' which has caused it to receive this passing nod. Kinney diseases, weakness of the back and spine, irregular, painful and suppressed Menstruation, Fluor Allus, and the entire complicated train of evils which follow a disordered sysem, are at once relieved by the medicine. Send for pamphlets from Agents, and you will find evidence of the value of the Lithontriptic there put forth.—As a remedy tor the irregularities of the female system, it has in the compound a "root"

PURIFY! PURIFY! Life and Health are in the Blood.

Cleanse, Purify, and Regulate the Circulation, and the whole body will have health. The most wonerful of all remedies to produce such a result, is BRANT'S INDIAN PURIFYING EXTRACT

Yes, the desired result and efficacy will be produced by the use of a smaller quantity of this PURIFIER than can be effected by the use of a 

king, purging, sickening, debilitating. It cleanses, strengthens, iuvigorates, makes new healthy blood, and gives new vigor and new life to the whole system.
BRANT'S PURIFIER is FOUR TIMES

CHEAPER than any other remedy in the world,

One Dollar's Worth of it will effect a greater amount of cure than four dollars' worth of sarsaparilla, or any other remedy, no matter how large their bottles may remedy, no matter how large their bottles may be. The important question for consumers to determine, is how much more curative effect will a dollar's worth of this Purifier produce, than a dollar's worth of this Purifier produce, than a dollar's worth of that sarsaparilla or other remdies. We might here say, that Brant's Mediciues had cured, within the lat year, 100,000 Persons of Impure Blood Diseases, and 25,000 Cases were considered Incurable!
